# Thank You!

Thank you so much for purchasing this product! Please remember to leave feedback, as it helps you get credit toward future purchases and helps me to continue making high quality products.

## About CounselorChelsey:

Hello! I am a licensed social worker with experience as a school based counselor, working in a mentorship program for teens, and am now a curriculum developer. My favorite part of my work has always been developing high quality resources for students to use. Since becoming a curriculum developer, I have loved being able to impact thousands of classrooms around the world!

## Terms Of Use:

You have purchased a single license of this resource. You may use this resource individually in your practice, classroom or school however you wish. However, re-distribution of this resource in anyway or use by anyone who is not the license holder, is a violation of copyright. If others are interested in this resource, please purchase an additional license or direct them to my Teachers Pay Teachers store.

## **Objectives:**

- Students will learn 9 perseverance strategies that they can use when they feel like giving up.

## **What's Included:**

- p. 4: Directions for "Perseverance Strategies Spinner"
- p. 5-6: Perseverance Strategies Spinner – Color
- p. 7-8: Perseverance Strategies Spinner – Black and White

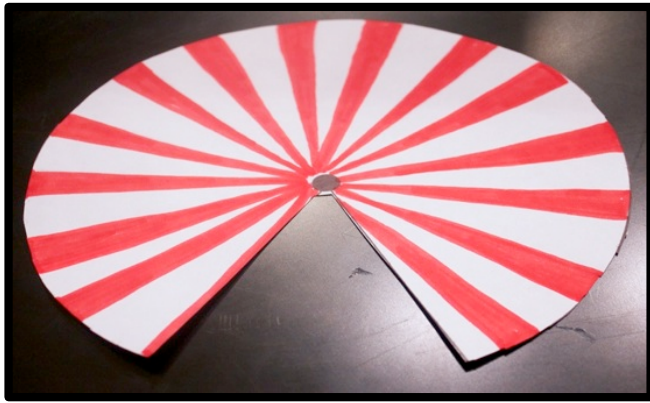

## **Ideas For Use:**

- Perseverance lessons or small groups
- Growth mindset lessons or small groups
- With students who give up easily
- With students who could benefit from learning and applying perseverance strategies
- Classroom, small group or individual lessons

## **Discussion Questions:**

- What does the word perseverance mean?
- What makes it difficult for you to persevere?
- Which perseverance strategies have you used in the past to help you? Which strategies have worked, and which strategies haven't?
- Are there any perseverance strategies you would add to the spinner?

# Directions for “Perseverance Strategies Spinner”

1. Cut out the spinner parts.

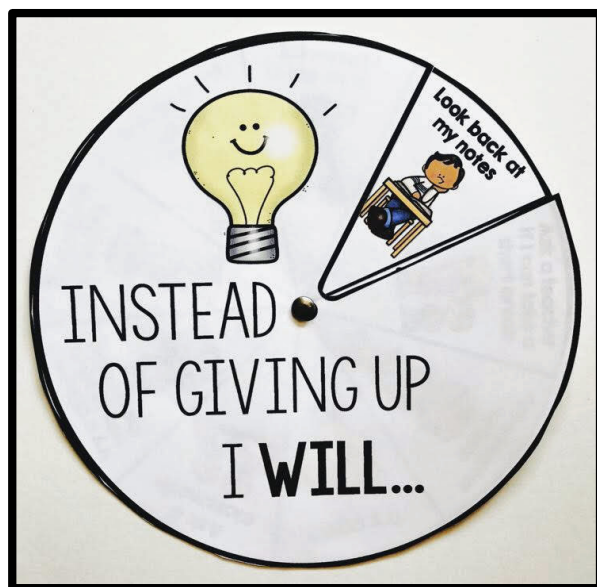

2. Line up the spinner parts.

3. Insert a brad on the dot in the middle.

4. Bend the parts of the brad.

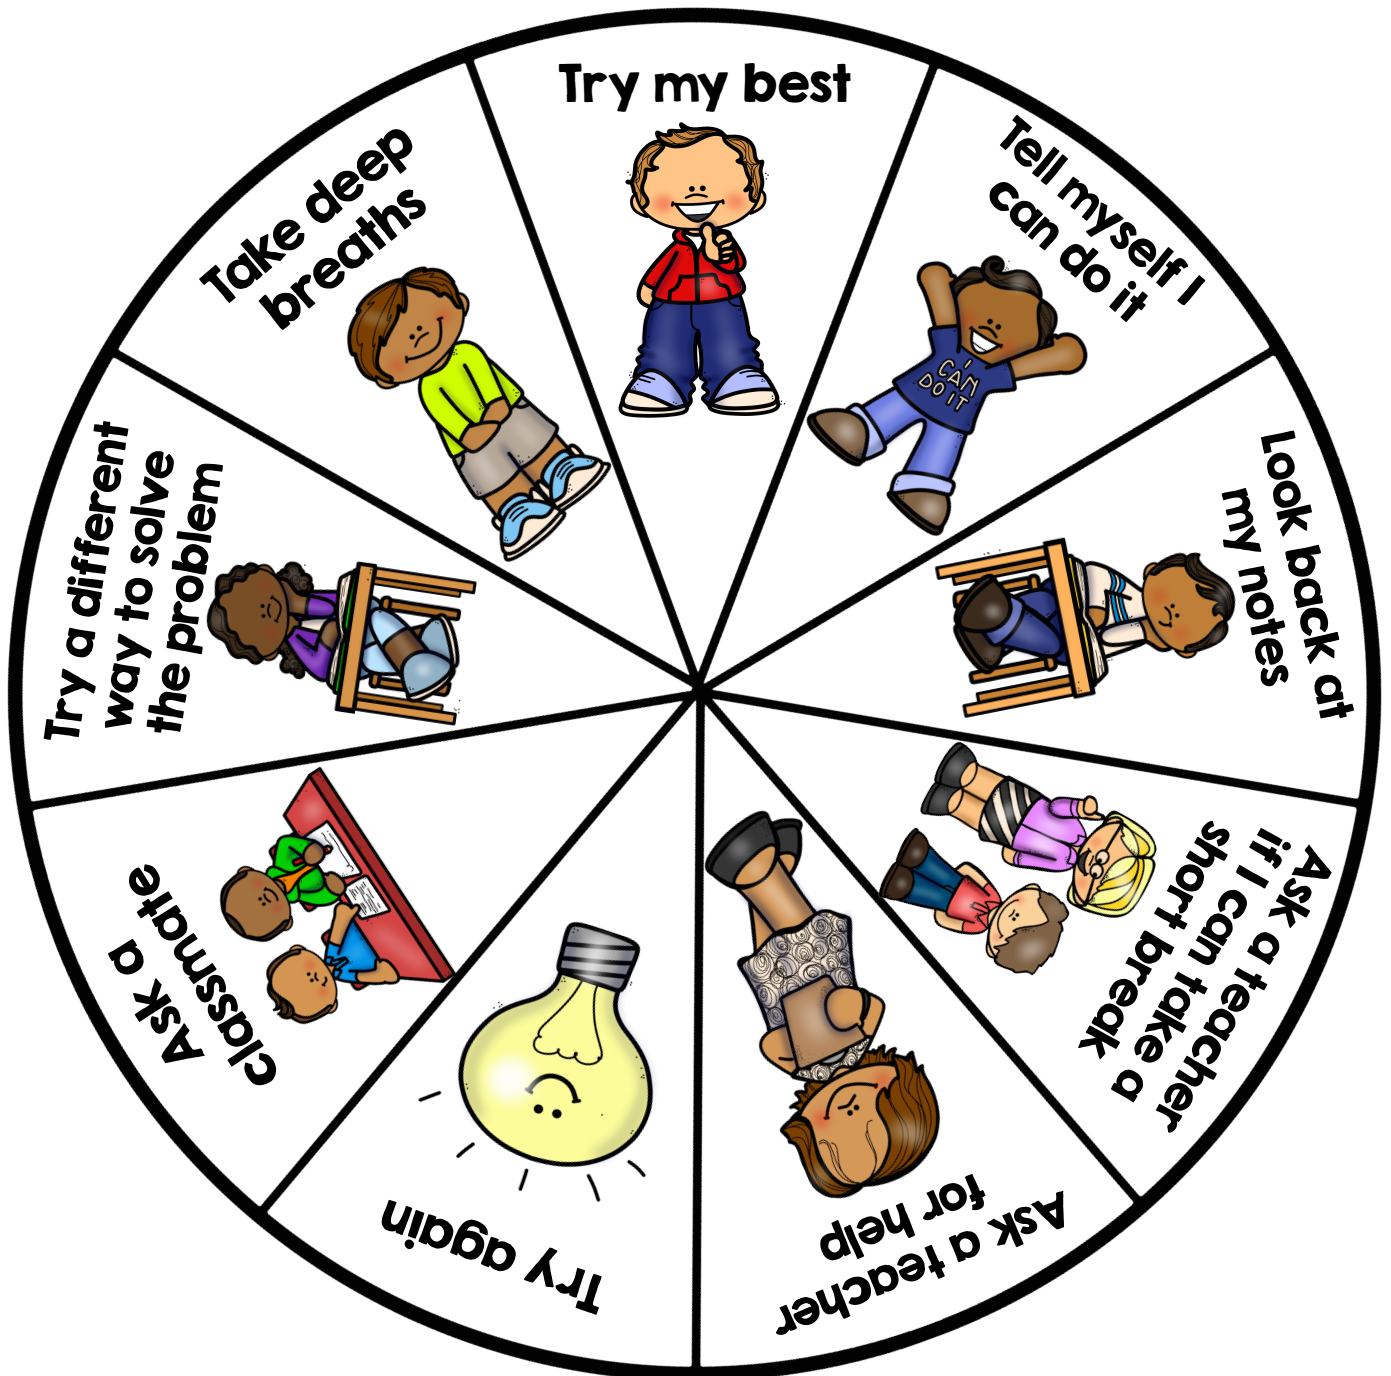

## For Use:

-Students can keep their spinners as a visual reminder of perseverance strategies.

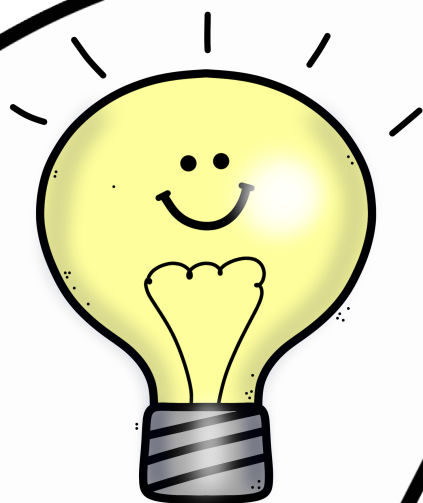

-A copy of the spinner can be kept in the classroom for the instructor to refer the student to when needed.

-Students can color or decorate the black and white spinner, or it can be printed on color paper.
