

Includes one lesson plan!

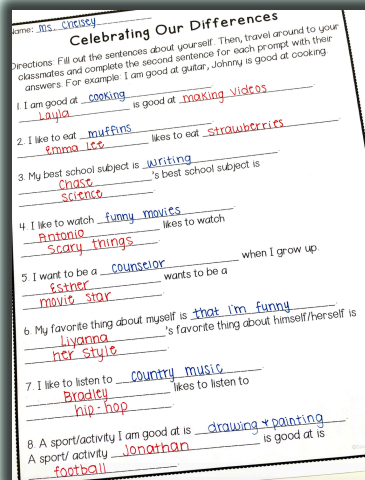

Students will understand that they, like utensils, have a special and important purpose! The lesson includes discussion points, an activity and objectives.

Includes 12 task cards!

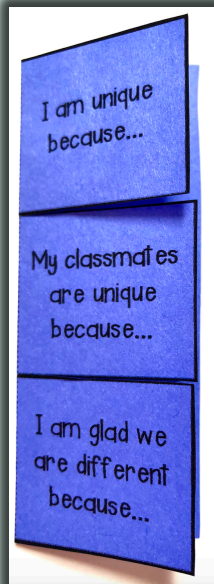

These task cards will help students further understand diversity and it's importance! They can be used to facilitate large or small group discussions.

Includes one interactive worksheet!

Students will gain understanding of the diversity within their class/group and learn to celebrate their own uniqueness!

Includes a foldable activity!

Students can complete this foldable activity to help them consider what makes them and others unique and why their differences are important.
