

# Why Should I Use Scoot Games?

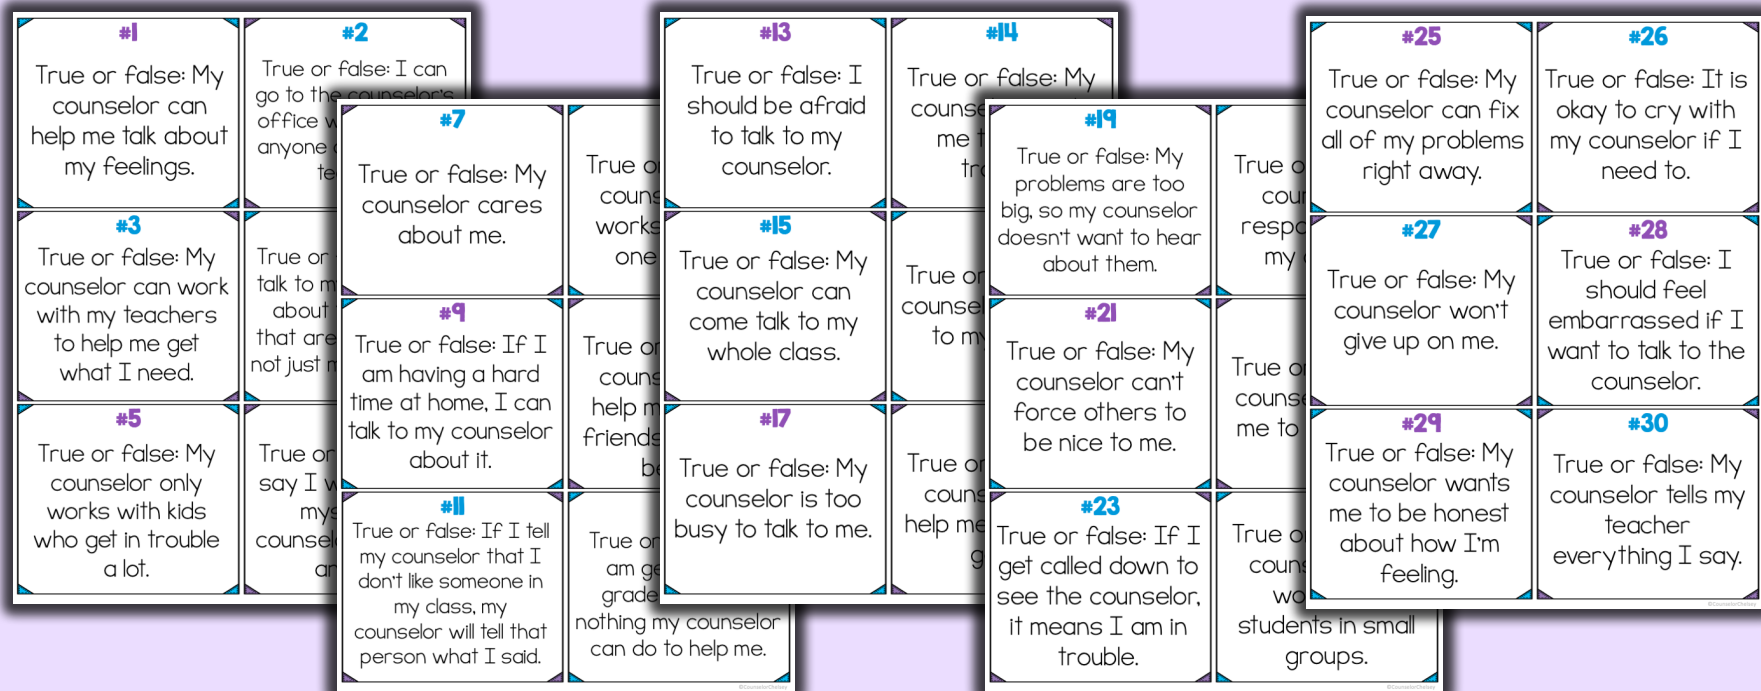

- Scoot games allow students to get up and moving while they learn!
- Use the answer key to quickly gauge student knowledge – before or after they learn about the topic.
- Students will look at different scenarios, and see how the topic presents itself in various ways.

# How Do I Use Scoot Games?

- Cut out each of the 30 question cards, and post them throughout the room.
- Each student will receive a grid, and travel from spot to spot answering the question at their spot and recording it in the corresponding block.
- After about 30 seconds, the teacher will yell “SCOOT!” which means that the kids move on to the next spot.
- This game is intended to be fast-paced to keep kids moving and interested!
- After the kids finish each station, you can review the answers as a large group, or they can turn in their papers so that you can get a better idea of their understanding!

# Includes 30 task cards!

Students will travel throughout the room looking at the scenarios and deciding whether or not they accurately describe the roles and responsibilities of a counselor! These task cards also come in an editable form so you can adjust the questions to your specific position.

Please note that you will need access to Microsoft PowerPoint to access the editable version.

**DOES NOT:**

- Have a magic wand to fix all of my problems.
- Tell anyone what I say unless I share that someone is hurting me, I want to hurt myself, or I want to hurt someone else.
- Judge me for what I share or don't share.
- Punish me or get me in trouble.
